

Merve Aslantürkiyeli Demir

QA Test Engineer

📍 Kadıköy/İstanbul ✉ merveaslanturkiyeli@gmail.com ☎ +90 538 719 77 47  [merveaslanturkiyeli](#)  [merveaslanturkiyelidemir](#)

PROFILE

By gaining in-depth knowledge and skills in software and testing processes, I successfully completed the QA Test Academy. During this time, I learned to effectively use testing tools such as Jira, Xray, and TestRail, alongside Agile methodologies, in addition to Manual Testing. With the programming education I received, I continue to expand my knowledge of software testing processes. Besides manual testing, I am also improving myself in test automation and have acquired coding proficiency in Java for this purpose.

My future goal is to be part of a team that ensures testing-related aspects of SDLC processes are managed to the highest standards.

PROJECTS

2024/07 - 2024/09	<u>QA Test Academy Final Project</u>
İstanbul, Turkey	<i>SistersLab</i> <ul style="list-style-type: none">In my test project for the H&M Web Shopping Site, I evaluated key user functionalities such as registration, login, cart management, and product filtering.I created and executed 13 test scenarios, some of which included fictional bugs for a more comprehensive testing process. Using Jira Xray, I tracked progress and issues through dynamic dashboards, applying both happy-path and negative testing approaches during manual testing.
